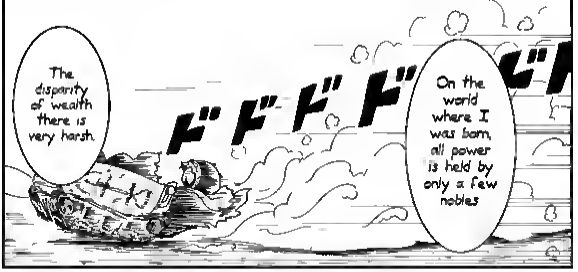
Ah!
Excuse me, does that mean...
there's a town of some kind nearby?
Town?
I, umm!
I need a weapon!



The disparity of wealth there is very harsh.
ドドドドゴ
On the world where I was born, all power is held by only a few nobles

Having human form is dangerous
So that's it...
This is a world of machines abandoned by humans.
They hate humans.
It stinks in here...

The nobles make laws only for the nobles

Eh?
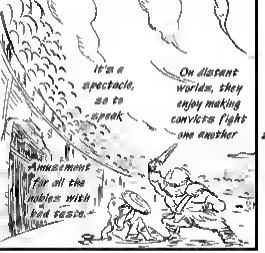
.. Injuring a noble is an instant death sentence for a commoner..
Aaaa argh!
Gyaa aah!



It's a spectacle, so to speak
On distant worlds, they enjoy making convicts fight one another
Amusement for all the nobles with bad taste.

Falling in love with a little girl at first sight, shuttling her away

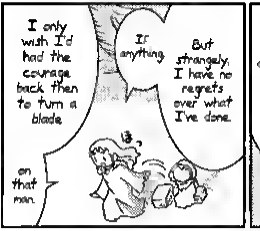
Because at that time
it was as if I wasn't even living.



I only wish I'd had the courage back then to turn a blade on that man.
If anything.
But strangely, I have no regrets over what I've done.

has almost no hope of winning.
Of course, a young girl like me.

Wow !
Besides,

To think such a beautiful thing
existed in my life...
It really is pretty...
I'd sure like to see it...
if I still have a chance...
There's probably still lots of scenery
I know nothing about yet...

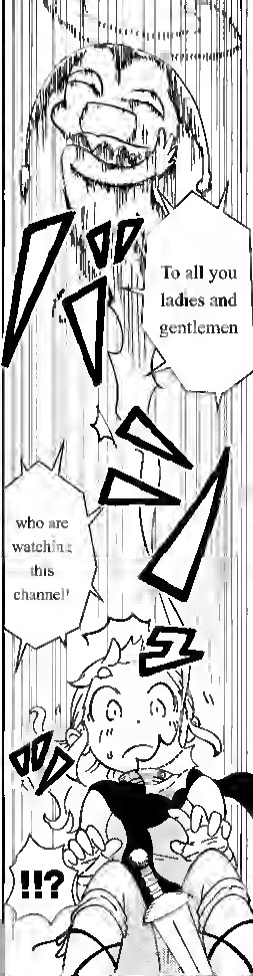
She's charged with "inflicting bodily injury"
The challenger is Miss Gladiolus a vicious criminal only 16 years old
Will this week's challenger skillfully survive?
Or will they die a cruel noble death?!!



To all you ladies and gentlemen
who are watching this channel!

Raised by a kindhearted noble when she was left without family,
she dared commit the cruel act of biting off his ear!
